**PROJECT: BATHROOM, KITCHEN, MAIN LEVEL, MUD ROOM**

Just plain, cool, sophisticated contemporary! All of the fun details were thought of on this 1990's main-level cleanup. Kitchen has Spectrus and honed opalesscent granite. Cabinetry; combination of painted black and stained lyptus. Walnut wood flooring. Powder bath; Coco Cohiba honed granite on floating cabinet. Internal windows bring the outside in throughout this main level. Clean, contemporary tile by Rubble Tile. SDI's Open book procedure helped sort through to buy the "cool."
